WELCOME

We at Dental Assistant Pro wish to welcome you to a new, innovative and unique course in dental assisting. We offer a course designed to give you the best, basic foundational knowledge and skills necessary to start your new career, at a minimum cost of time and expense.

We offer this opportunity from the perspective of practicing dentists and experienced dental assistants in the setting of an actual dental office. While we will seek to give you exposure to a wide range of techniques, materials, and dental knowledge, we will focus on the skills we as dentists see as "core necessities" for job acquisition.

Job opportunities for trained dental assistants are available in today's marketplace. While no one can guarantee job placement, the dental profession is currently facing a shortage of trained dental assistants. If one examines the want ads for dental assistants, virtually all jobs require experience. How can you get a job without experience and how can you get experience without a job? With our course, we believe that gap can be bridged in a minimal amount of time at a reasonable cost. Welcome to Dental Assistant Pro!

Original Date of Publication: February 28, 2005

HISTORY

This course of study came into being as a result of conversations between dentists. Every dentist recognizes the importance of a good dental assistant in helping him/her provide a good service to his or her patients, reduce stress on both the patient and doctor, and keep the practice growing and profitable. Given the shortage of trained dental assistants, the existing obstacles for a person to go to school for training, and the unwillingness of dentists to train someone "from scratch", Dental Assistant Pro came into being. The basic framework for this curriculum is patterned after a successful assisting program in another state. (Texas)

LEGAL STATUS

Dental Assistant Pro is a private coeducational school operated as a LLC. The owner is Gregg Testerman, DDS. The school assumes full responsibility for any agreement reached between the student and the school.

INSTITUTIONAL PHILOSOPHY

The philosophy of Dental Assistant Pro is based on the belief that people can be trained in a relatively short period of time to enter the world of professional dental assisting. We believe that our course will prepare any motivated individual to get their first job. We also believe the amount of on the job experience, not classroom hours, is the best teacher. Therefore, it is our purpose to equip each student with the basic skills necessary to enter the workplace and begin to gather experience. We also feel that our many years in the profession not only qualifies us to teach these skills, but also gives us the opportunity to impart what "golden nuggets" we have discovered along the way.
GENERAL INFORMATION

Location
Dental Assistant Pro of Indiana is located at 11020 East 10th Street in Indianapolis, Indiana. Our school business is operated out of the office of Testerman Dental, a practice owned by Gregg Testerman DDS. Dr. Gregg Testerman has offered excellent quality care to his patients for over 37 years. Our mailing address is: 767 Columbus Avenue, Lebanon, Ohio 45036.

Course Information:
Our course runs for ten consecutive weeks on Saturdays from the hours of 8:00 a.m. to 5:00 p.m. with an hour for lunch. Morning sessions (8:00 a.m. to 12:00 noon) are lecture, and afternoon sessions (1:00 p.m. to 5:00 pm.) are for clinical, hands-on laboratory experience. Breaks are given for ten minute periods approximately every one to one and one-half hours.
It is required that students buy a uniform since some of the materials we work with in a dental office can permanently stain or damage clothing. Also we like for students to get used to "being and looking like" dental assistants. Hospital scrubs are the preferred dental office attire.

2. A high school Senior may take our course on the condition that he/she has an overall grade point average of B as well as having obtained their High School Counselor’s approval.

1. Dental Assistant Pro prefers a personal interview with each applicant prior to acceptance, and encourages the parent, spouse, or other family member, as is appropriate, to attend the interview and/or Open House. An Open House will be conducted for all interested students and their families approximately one to two weeks prior to the first day of each class session. This gives everyone an opportunity to become familiar with each other and serves as a question-and-answer period for students, family, instructors, and faculty alike.

2. Admission representatives and/or information are available Monday through Friday between the hours of 8:00 a.m. and 5 p.m.

Financial Aid Or Assistance:

Attendance Policy
1. Students are expected to attend and be on time for all classes. Tardiness is considered disrespectful to both classmates and instructors. Students who have a pattern of tardiness will be advised and will be disciplined on an individual basis.

2. Students are required to complete all assignments regardless of class attendance, and are required to maintain, at minimum, an attendance average of 80%, for the total instructional hours enrolled from program inception to the point where progress is being measured.

3. Students, who miss more than 20% of the instructional hours, will be placed on attendance probation, and any further absenteeism may result in termination with appropriate pro-rated refunds. A student who is absent more than 20% of the total contact hours in a program may automatically be terminated from the current class. However, the student may, at the sole discretion of the Director, be allowed to pick up the course of study at the next session. Tests missed because of absence must be made up upon the day the student returns to school, unless other arrangements have been made by the instructor and approved by the Director.
4. The school has no provision for excused absences. Make-up work shall not be authorized for the purpose of removing an absence. A student will be charged with one hour of absence for each hour of tardiness or any part thereof. The time elapsed during an authorized Leave of Absence is not considered as being "absent" for the purpose of the cumulative attendance average. If a Leave of Absence is granted or if inclement weather forces the school to close, a student's completion date will be extended to make up for clock hours missed. Scheduled school holidays, summer and Christmas breaks, are not counted as absences.

5. A student who is not current with his or her weekly payments cannot attend class until current.

**ACADEMIC STANDARDS**

**Grading:**
Students will receive a numerical grade (not a percentile grade) for each written and practical exam. Grades will be the sum total of all written exams (including midterm and final) plus the practical exam. A perfect final score is 300 points. Listed below is the point distribution:

1. Midterm Exam 100 points
2. Final Exam 100 points
3. Practical Exam 100 points

300 points total

**Grading Period:**
There are two grading periods in the course: one at the end of the first six weeks (after the mid-term exam); the second at the end of the course (10 weeks). Written progress reports will be given to each student at midpoint of each grading period and at mid-term and at the completion of the course.

**Satisfactory Progress:**
1. Satisfactory progress will be determined by accumulated points. Students must maintain at least 70% of the total possible points. Should a student at the completion of the first grading period fail to obtain at least 70% of possible points (70% of 150 = 105), the student will be placed on probation. A student on probation will be allowed to retake an exam, which will be averaged with the original exam. If the probationary student fails to bring up his grade to a 70% level at the end of a 2 week probationary period, the student will be terminated. A student terminated for unsatisfactory progress may apply to repeat the course at the next course offering after a minimum of one grading period has passed.

2. A student may request a grade of "incomplete" if a student withdraws for an appropriate reason unrelated to the student's academic status. A student who receives a grade of incomplete may re-enroll in the program during the 12-month period following the date the student withdraws and complete those incomplete subjects without payment of additional tuition.

3. Permanent grades will be posted at the end of the course, which will be made available to prospective employers. Requirements for graduation include 80 hours (class lecture and lab combined).

**Class Size:**
The teacher/student ratio will be a maximum of 10 students per one instructor in a lecture class and a maximum ratio of 10 students per one instructor in lab class.

**Graduation Requirements:**
A certificate of completion will be awarded to those students who have maintained a score of at least 210 points, have compiled a satisfactory attendance record as outlined by the school and are in good standing financially with the school at the time of graduation.
**Leave Of Absence Policy:**
A student may be granted one leave of absence (limited to ONE day) per 10 week course, which must be requested in writing, at no additional charge. The student may make up the day missed during the next session. A leave of absence is discouraged except in emergency situations.

**Appeals:**
A student can appeal an unsatisfactory grade and/or attendance classification to the Director by explaining in writing any circumstances relevant to the situation. The Director will evaluate the circumstances presented by the student and the student's program record will be amended to reflect the results of the appeal. The student's status will be revised, as is appropriate.

**Termination and Re-admittance:**
1. A student who is absent more than 20% of the total contact hours in a program may be terminated automatically.

2. A student may be placed on attendance or academic probation or terminated due to:
   1. Unsatisfactory course work.
   2. Failure to maintain the attendance requirement.
   3. Failure to progress within the school's maximum time frame.
   4. Failure to abide by the school's rules and regulations.

3. A student whose enrollment was terminated for unsatisfactory progress or nonconformance with the rules and regulations of the school may only be re-admitted, with the approval of the School Director, under the following conditions:
   1. One grading period must elapse before being readmitted; and
   2. The problem which caused the dismissal must be satisfactorily resolved; and
   3. The student must demonstrate the potential to succeed.

4. A student who re-enrolls after being terminated for unsatisfactory progress will be placed on probation for the next grading period.

5. A student whose enrollment was terminated for violation of the attendance policy may not re-enter before the start of the next grading period.

6. A student in good standing, who voluntarily withdraws, may apply for readmission at any time.

7. The termination date, for refund computation purposes, is the last date of actual attendance by the student.

8. The effective date of termination, for refund computation purposes, will be the earliest of the following:
   a. The last day of actual attendance, if the student is terminated by the school;
   b. The date of receipt of written notice from the student;
   c. Five school days following the last date of attendance;
   d. The day following the last day of an approved leave of absence, if the student does not return from the leave of absence.

9. Refunds will be totally consummated within thirty-one (31) days after the effective date of termination.

10. Grounds for termination are: unsatisfactory academic progress, excessive absenteeism, failure to comply with school rules, and/or non-conformance with the rules and regulations of the school.
**Tuition And Fees:**
Tuition may be paid in full in advance, or in installments due on or before the beginning of each class. The tuition does include fees for registration, supplemental books, supplies, lab use and tools. There is no additional charge for out-of-state residents. **PLEASE NOTE:** A student who is not current with his or her weekly payments cannot attend class until current.

**STUDENT SERVICES**

**Placement:**
Upon graduation, job placement aid is available to all students at no additional cost. Students are aided and/or advised with regard to resume preparation, interview techniques and employment opportunities. **Dental Assistant Pro** will do its best in helping students find a rewarding job. **Dental Assistant Pro does not offer job placement.**

**Advising:**
The staff and faculty of the school are always available to assist students with school or dental profession-related problems or questions.

**STUDENT CONDUCT**

Students must adhere to the highest standards of conduct, which will reflect credit upon themselves and the school. Students must conduct themselves in a manner, which will not in any way interfere with the learning process of other students, the instructor's classroom presentation, or the progress of the class in general. The administration of the school reserves the right, in the exercise of their judgment, to dismiss a student on any of the following grounds:

1. Non-conformity with the rules and regulations of the school.
2. Conduct, which reflects unfavorably upon the school and/or its students.
3. Unsatisfactory academic progress.
4. Excessive absenteeism.
5. Failure to pay tuition when due.
6. Cheating.
7. Falsifying school records.
8. Demonstrating poor judgment or inability to function properly, which could put a student’s safety in jeopardy.
9. Entering the school under the influence of alcohol, drugs, or narcotics of any kind.
10. Carrying a concealed or potentially dangerous weapon.
11. Willful neglect, damage or abuse of school property.

**GRIEVANCE POLICY**

From time to time, differences in interpretation of school policies will arise among students, faculty and/or the administration. When such differences arise, usually a miscommunication or misunderstanding is a major contributing factor. For this reason, we urge both students and staff to communicate any problems that arise directly to the individual(s) involved. If the problem cannot be resolved in this manner, the Director of the school should be contacted. Normally, the informal procedure of "discussing" the difference will resolve the problem. However, occasionally, more formal (written) procedures are required. When deemed appropriate by either a student or staff member, the individual is encouraged to communicate the specific issues and concerns in writing to the Director. The Director will then review the grievance; meet with the parties involved, and will notify all parties of the decision, in writing, within seven (7) working days. If the Director's decision does not resolve the grievance to the satisfaction of all parties, the student or staff member, as appropriate, should contact The State Workforce Innovation Council, Office for Career and Technical Schools, 10 N. Senate Ave., Suite SE 308, Indianapolis, IN 46204, 317-234-8338 or 317-232-1732. **OCTS@dwd.in.gov** http://www.in.gov/dwd/2731.htm.
FAMILY EDUCATION RIGHTS AND PRIVACY ACT

Under the Family Educational Rights and Privacy Act, each student is given the right to inspect and review his/her records, and to request that errors in those records be changed to ensure that they are not inaccurate, misleading, or otherwise in violation of the student’s privacy or other rights. The detailed policy and procedures that the institution uses in this regard can be obtained from the School Director. These include our right to refuse to provide such records if the student has an unpaid financial obligation to the school.

Under Federal rules, the school is permitted to disclose certain basic information about the student without permission from the student, unless the student specifically requests that this information not be disclosed.

If you do not wish this information to be released, you must contact the School Director within thirty days of signing the Enrollment Agreement. This basic information is called Directory Information, and this school includes the student's name, address, telephone number, date and place of birth, program of study, participation in activities, dates of attendance, certification and diploma awarded, photograph, and place of employment. Students who feel that the institution has not complied with their rights under the law may file a complaint under Section 99.64 with the U.S. Department of Education.

CERTIFICATE/TRANSCRIPTS

There is no charge for the original copy of your certificate; however, additional copies of the certificate will be $10.00. Official transcripts of student’s records are issued only on written request; the first copy is at no cost; additional copies are $2.00 each. Transcripts must be requested 24 hours in advance.

CANCELLATION POLICY

You may cancel the enrollment agreement or contract by written notice, without any penalty or obligation, and receive a full refund of any monies paid according to the terms in The Indiana Commission on Proprietary Education Refund Policy (see below). If the student attends any class sessions the refund will calculated by using the guidelines established by The Department of Workforce Development (see below). The enrollment agreement is not binding until signed by the School Director or designated school official. This provision shall not apply where a student has already started classes.
